Haile's Angels Pet Rescue is a not-for-profit organization that helps unwanted animals find forever homes. Our goal is to stop adoptable animals from being euthanized. We want to adopt as many animals as possible into loving and caring homes in which these animals will become life long family members.

All pets up for adoption at **Haile's Angels** are fully examined by Dr. Linda McCollough of Haile Plantation Animal Clinic
.

Adoption fee includes: all vaccines, spay or neuter, dogs are heartworm checked and are given monthly prevention for heartworms, cats are Felv/FIV tested, and all are on monthly flea control.

Our hours of operation for the rescue are: Monday-Friday 10AM to 6PM
Saturday 9AM to 12PM
Closed Sunday

Haile's Angels Pet Rescue would like to remind our friends and supporters that it is always the season to consider helping those less fortunate than ourselves. As many of you may know, Haile's Angels is dedicated to finding forever homes for the many dogs and cats, including those that may require specialized care, which come to us through a variety of circumstances.

One such dog is Shakespeare—a small, black Schipperke puppy who currently requires multiple surgeries to repair his broken jaw. Shakespeare was seriously injured when he was hit by a car and his family, unable to afford his care, was faced with the unpleasant choice of euthanasia until **Haile's Angels Pet Rescue** stepped in to offer its assistance.

As you might imagine, Shakespeare's medical treatment will require extensive rehabilitation and, of course, will not come without significant cost. To this end, we at Haile's Angels ask that you consider making a donation* to help little animals like Shakespeare so that he—and our many other animals awaiting their forever homes—might enjoy the love of a forever home.

Won't you please open your heart and help us help them today? Click on our logo to make a one time or recurring donation securely on our donation page. Or drop your donation in the mail to:
